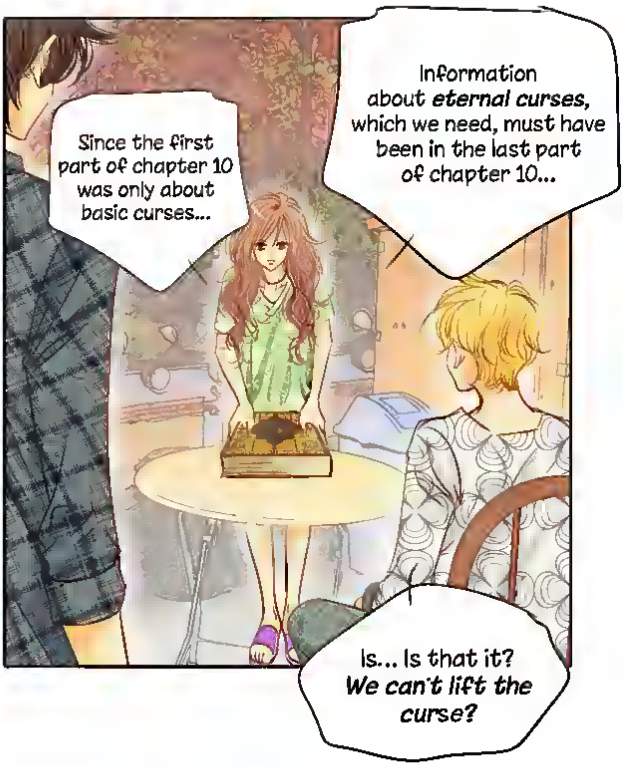
SOME PAGES OF THE DEKAN DISAPPEARED?
As you can see here...
Four pages have been torn apart.

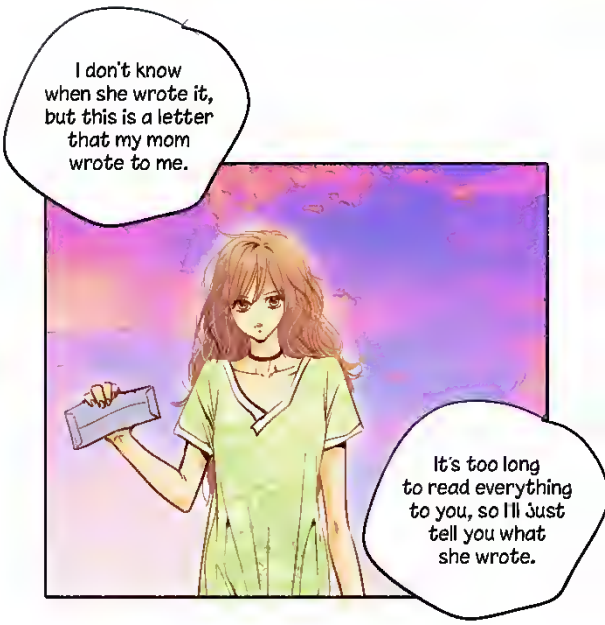


Since the first part of chapter 10 was only about basic curses...
Information about **eternal curses**, which we need, must have been in the last part of chapter 10...
Is... Is that it? **We can't lift the curse?**

If the dekan is damaged...
I should be happy that they can't lift the curse not only for now...

But....

WHERE THE PAGES WERE MISSING, I FOUND THIS LETTER!
TA DA
Ah!



I don't know when she wrote it, but this is a letter that my mom wrote to me.
It's too long to read everything to you, so I'll just tell you what she wrote.

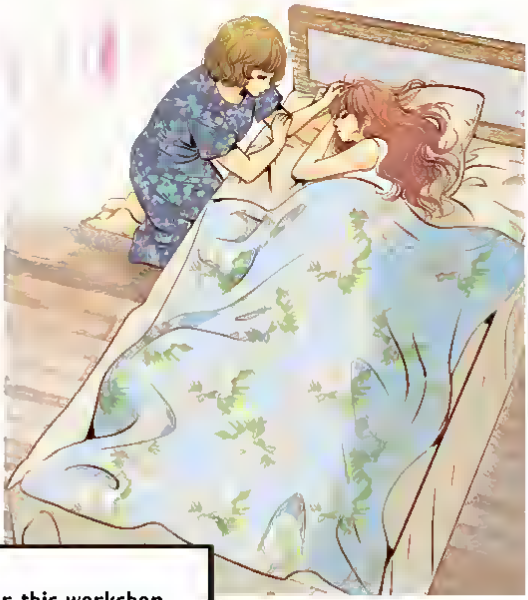
Midan....

You are quite a skilled witch, and can easily lift the curse if yau wanted to,

but I don't want you to do that.

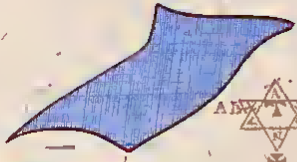
It could be just my greed talking.

I want you to learn something while you are trying to lift the curse.

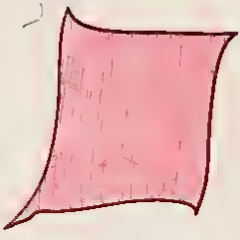


For this workshop which your dad and I loved.

I translated the magic words that'll lift the curse and sewed them onto clothes;



The clothes having the five traditional colours of our country.



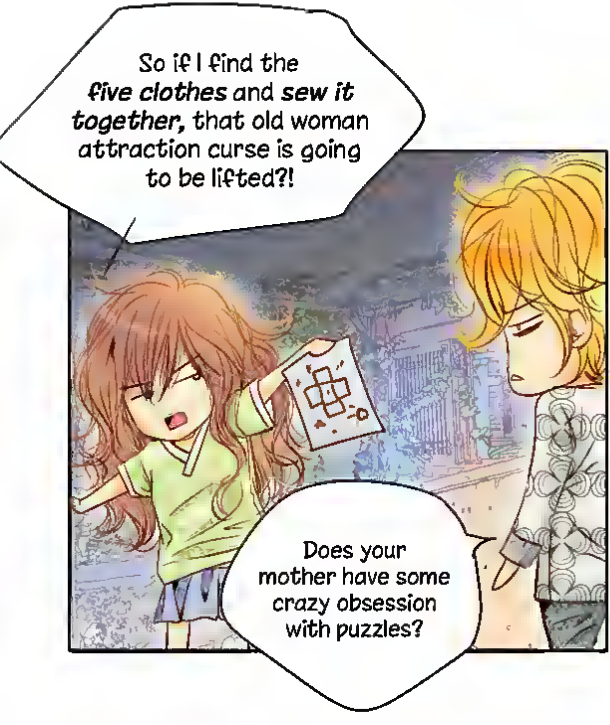
I chose clothes embedded in the memory of your childhood,

and put each cloth in a Mumbu.

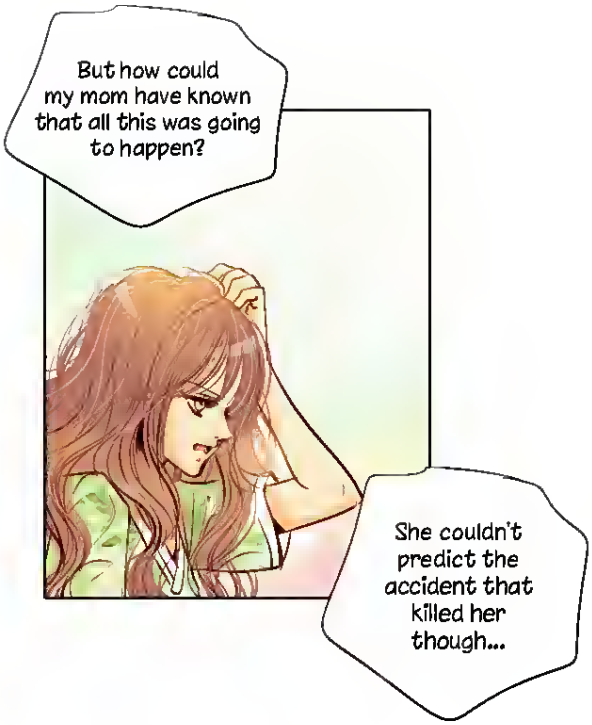
(*Mumbu
The bag for putting
in quilt clothes)

I gave it to my teacher
and friends who taught me
about women's arts.

is the centre.
Blue is the east.
White is the west.
Red is the south.
Black is the north.
Go to them and get the clothes.
And sew it according to the direction of the five colors... you will find the answer you seek.

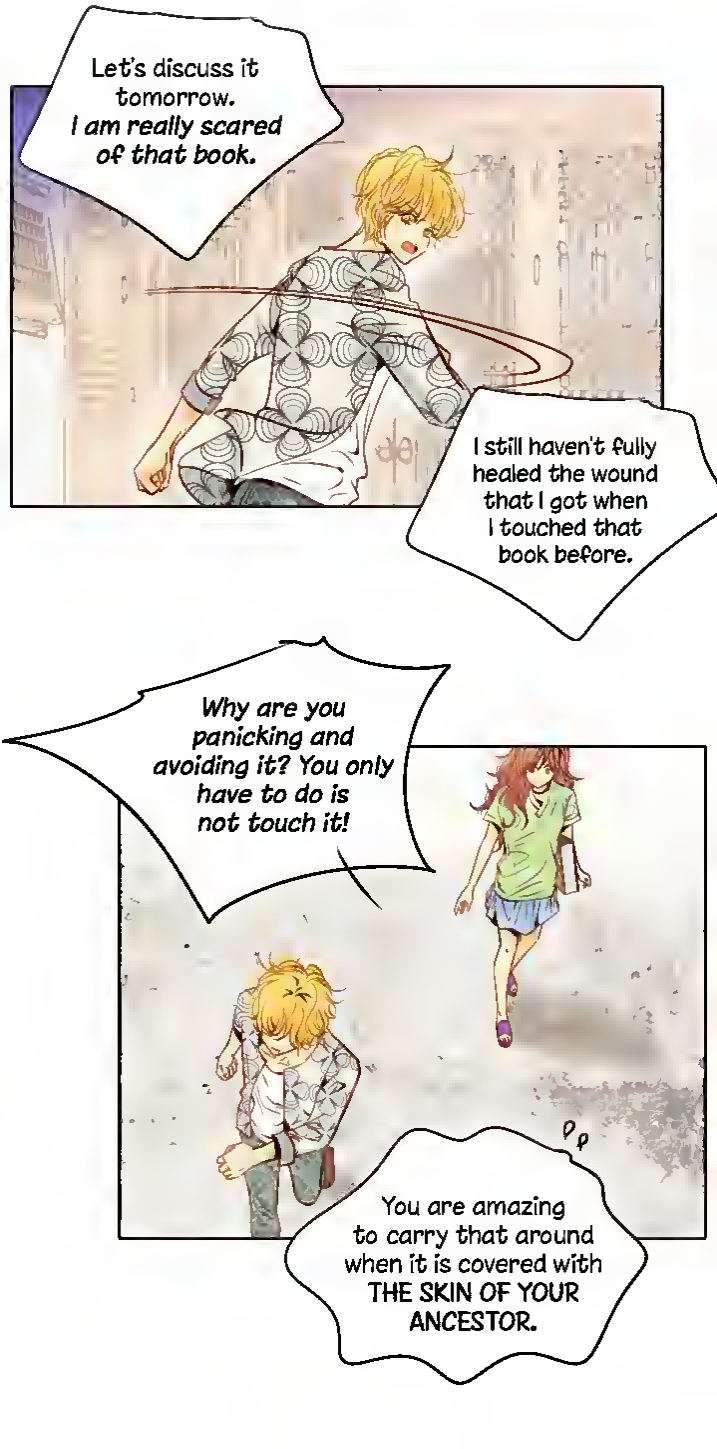


So if I find the *five clothes* and *sew it together,* that old woman attraction curse is going to be lifted?!
Does your mother have some crazy obsession with puzzles?

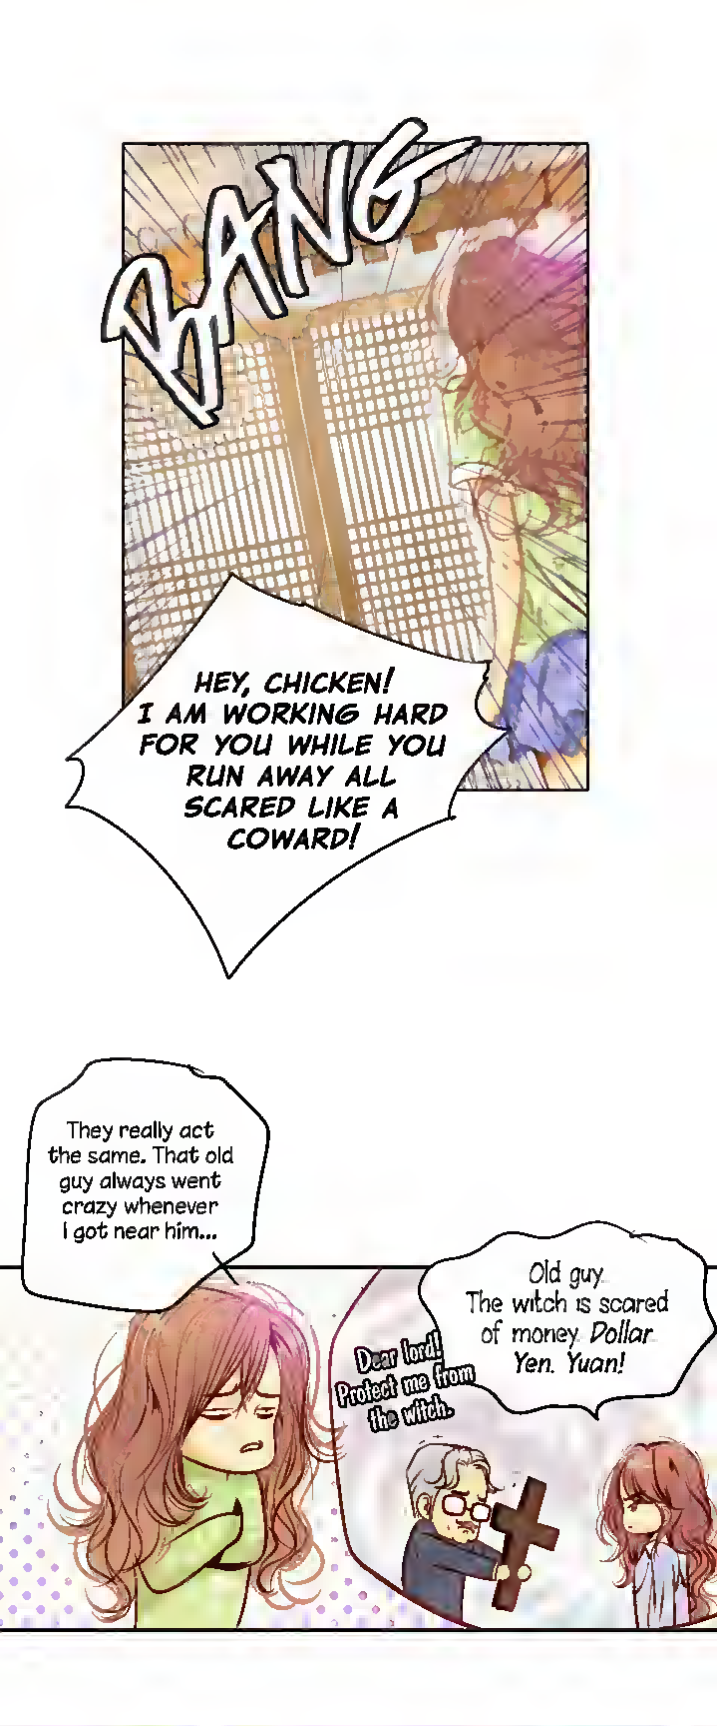


But how could my mom have known that all this was going to happen?
She couldn't predict the accident that killed her though...

It's getting dark, so we should go inside and discuss this in more detail. Like when I am going to leave, or who am I going to leave the workshop with in my absence.
Wait! Are you going to take that book inside?
Yeah... why?



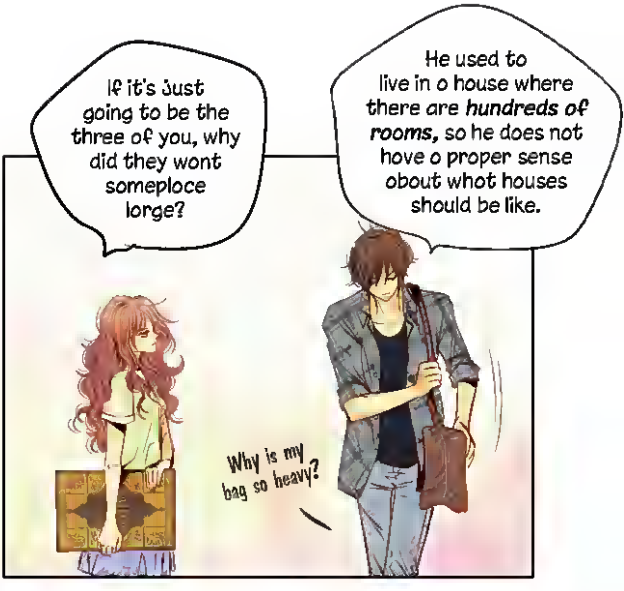
Let's discuss it tomorrow.
I am really scared of that book.
I still haven't fully healed the wound that I got when I touched that book before.
Why are you panicking and avoiding it? You only have to do is not touch it!
You are amazing to carry that around when it is covered with THE SKIN OF YOUR ANCESTOR.



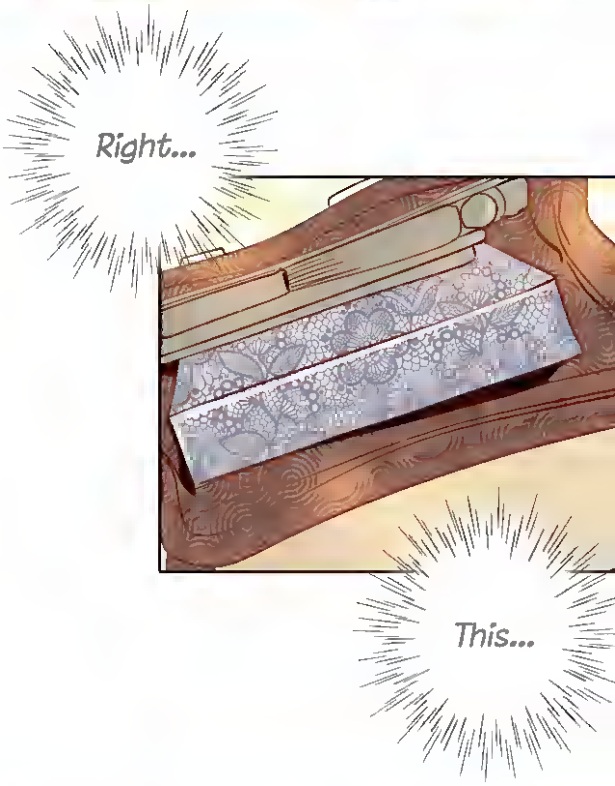
BANG
HEY, CHICKEN! I AM WORKING HARD FOR YOU WHILE YOU RUN AWAY ALL SCARED LIKE A COWARD!
They really act the same. That old guy always went crazy whenever I got near him...
Dear lord! Protect me from the witch.
Old guy. The witch is scared of money. Dollar. Yen. Yuan!

Are you going home?
Yes. I have to read some documents when I get home.

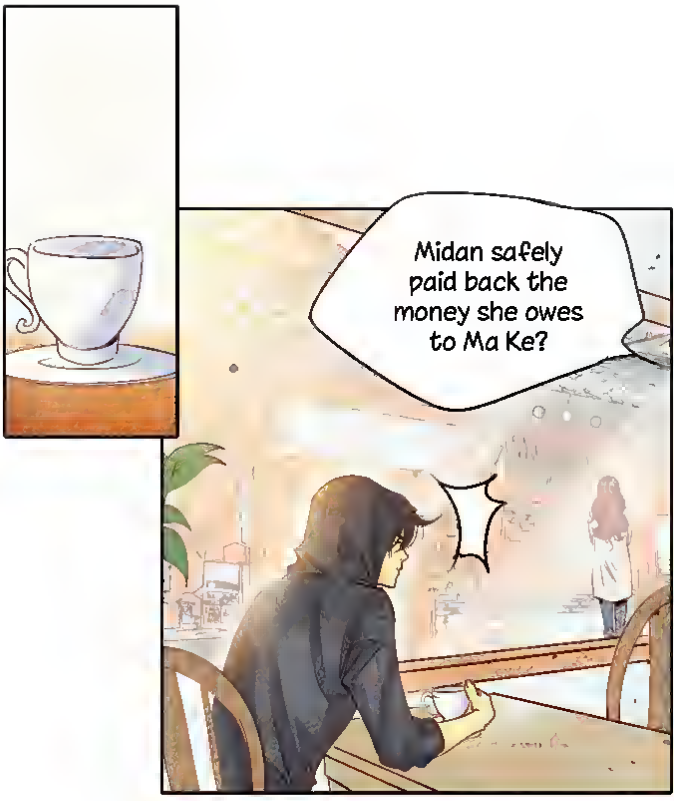
You are going to that house which you bought before our house? *Where is it?*
It's in Pyong Chang Dong. It wasn't in our plan to get a room there... I would have gotten a smaller room in Pyong Chang Dong if I knew that this was going to happen. They were always fixed on getting a big place...



If it's just going to be the three of you, why did they wont someploce lorge?
He used to live in o house where there are hundreds of rooms, so he does not hove o proper sense obout whot houses should be like.
Why is my bag so heavy?



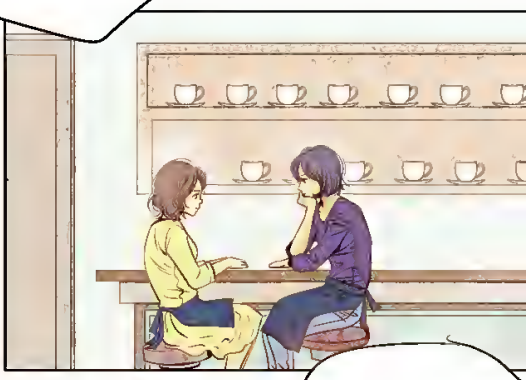
I baught it as soon as I heard it...



Midan safely paid back the money she owes to Ma Ke?

Yeah.
Luckily, she got somebody to rent a room upstairs, but it looks like she still has large debts to pay.

When Shin Ae (Midan's mom) was alive, rich housewives often came to the shop as customers...

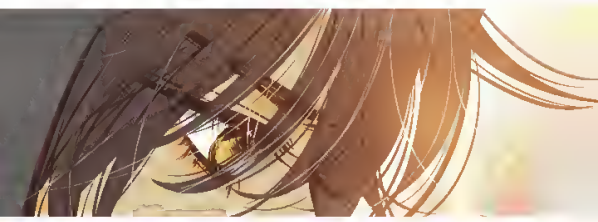


Without her mother, how can she manage that shop...?

She must be having a hard time...

She wanted to have the cosmetic samples that I was throwing away. She wanted to use it.

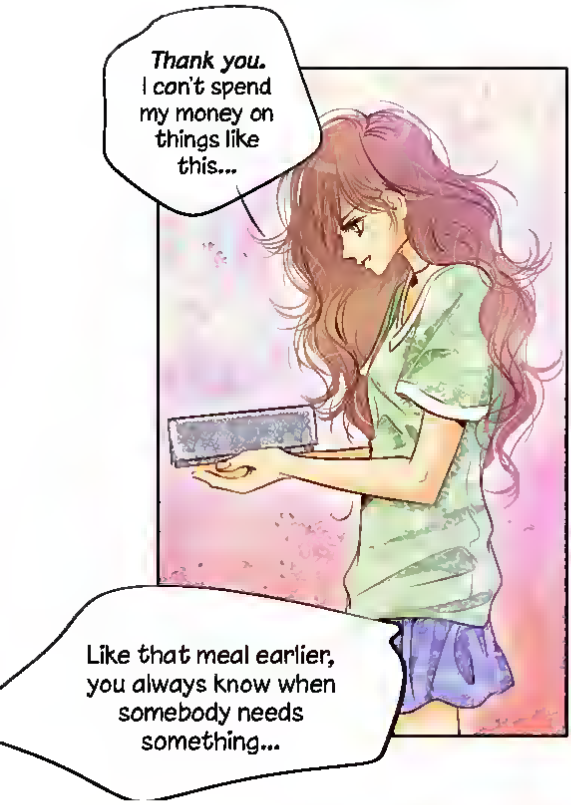
.....



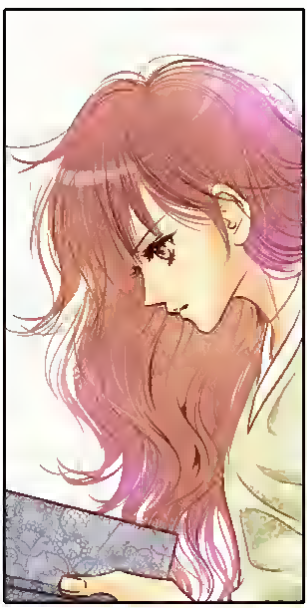
SCENE: Wow! Just got a chanel cosmetic set by coincidence. Sweet! I want that kind of coincidence too!

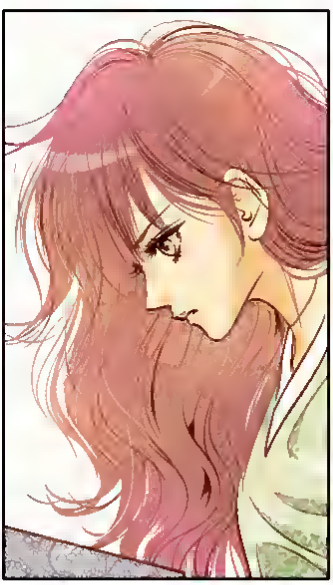
WOW! THIS IS VERY EXPENSIVE!
;;;
Where did you get this?
Ah... my mother got it as a gift, but her skin type is oily.
It's for dry skin, so it doesn't suit her... It was a gift and we can't refund it.

I brought it because she wanted my friends to have it.
If it's not your skin type, I will just give it to somebody else...
It is just my type. —
SHE ALREADY OPENED IT...
put on
put on
I am really dry. I have cracks on my skin and dead skin cells. Sometimes I get ringworms. This just suits me.



Thank you. I can't spend my money on things like this...
Like that meal earlier, you always know when somebody needs something...



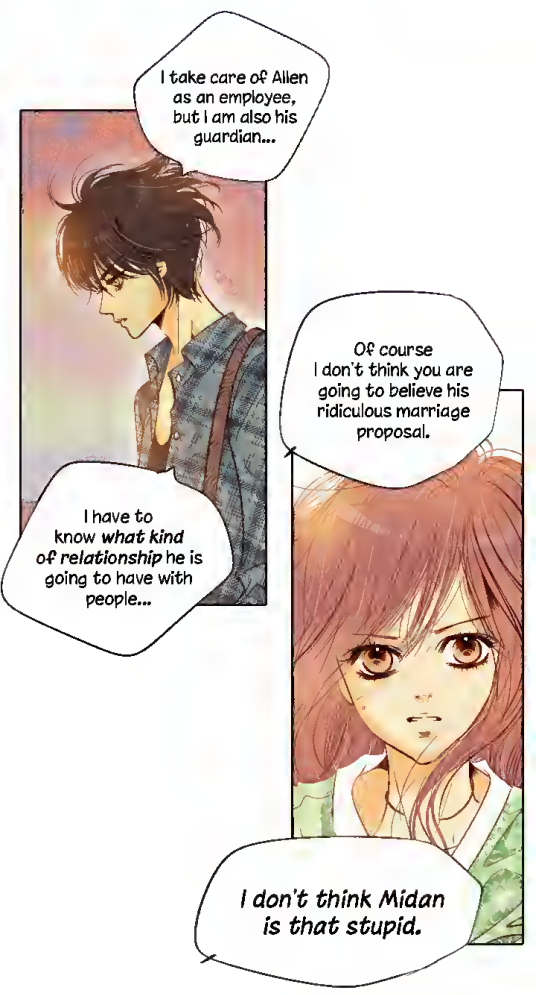


...?
Look...
Maybe...

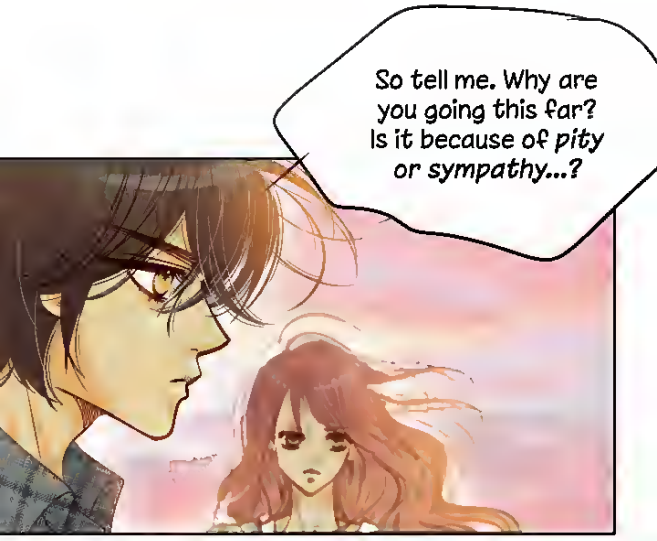
Maybe you...

Do you like Allen?

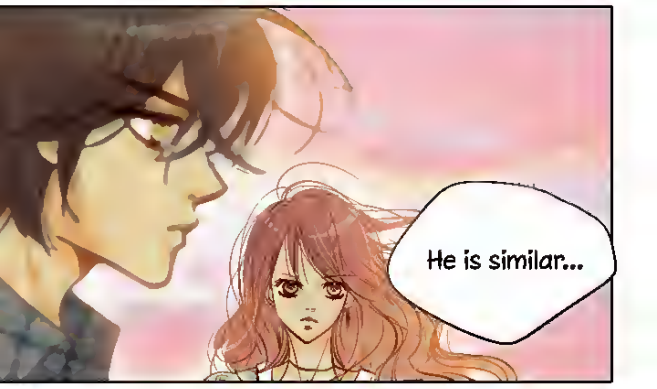
Do you like Allen as a man?
Why are you asking me that so suddenly...?



I take care of Allen as an employee, but I am also his guardian...
I have to know what kind of relationship he is going to have with people...
Of course I don't think you are going to believe his ridiculous marriage proposal.
I don't think Midan is that stupid.



So tell me. Why are you going this far? Is it because of *pity* or *sympathy*...?

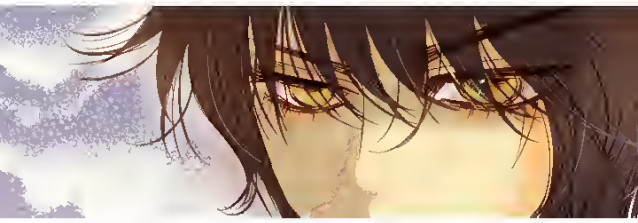


He is similar...

To a man who I liked very much...
!

When I saw him for the first time, I thought that he *seemed familiar*.
When they smile, they look exactly the same. Their eyes get wrinkled a lot when they smile and the corners of their mouth curl.

When I realized that...
Whenever I see him smile, my heart starts beating fast...



I don't like foreign guys. This is really strange.

Well, even though you are attracted to him just because they look similar, is it not a big thing?

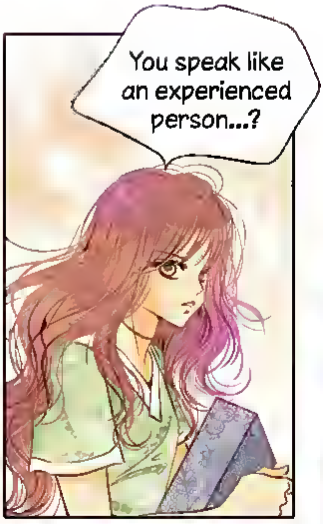
It doesn't matter how it began. When you see him, your heart is in a flutter and you want to stay with him more and more... it is the same feeling of love.

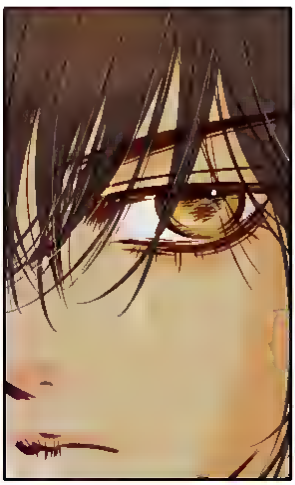
I think its origin is important...
How the feeling started...

If you are attracted to him because he looks like somebody,
that feeling will soon cool off.

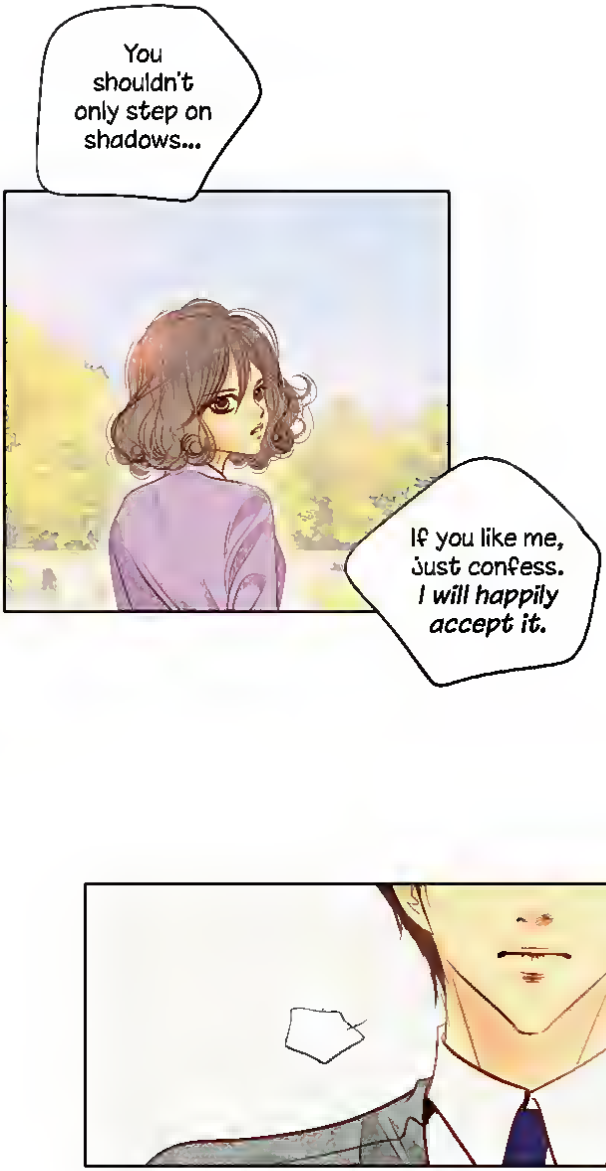
You are *confused* about the need to fill the empty space for something that you *lost and love.*

That is a mistake. You are making a mistake that you like him.





Hey!
Why do you follow me? Are you a stalker?



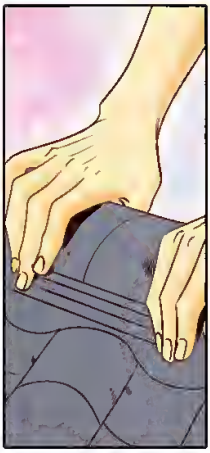
You shouldn't only step on shadows...
If you like me, just confess. I will happily accept it.

When I searched for her in many places...

He is right in front of you...

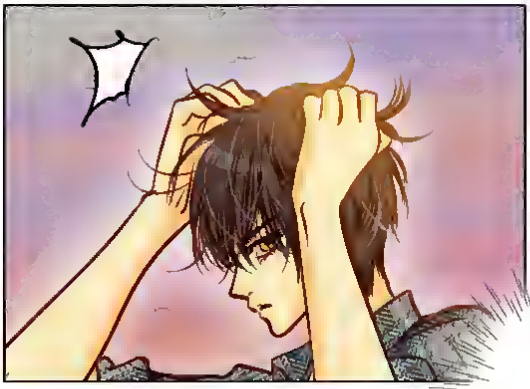
You will find that someone some day.

Not the fake one.
The real one.



MIDAN! SOMEBODY WHO IS A PROFESSOR CALLED YOU!
I called a professor to ask some advice about me taking a break from school... I will go down now.
Yes, then...
Ah! And thank you for the cosmetics. I will use it well.
Be careful on your way down.
STEP STEP STEP

Phew...
WHAT DID I JUST SAY! TO FIND THE REAL THING, NOT THE FAKE... IS THIS SOME KIND OF ANTIQUE SHOW?!
DAMN IT. IT GOT AWKWARD!



Ah?

That is...?!

MIDAN, YOU LEFT DEKAN BEHIND!
THAT IDIOT.
How could she leave an important book like this behind?
